MRS. PAUL EVAN SOUVE
the former Miss Margie Bea Morris

Couple Exchanges Vows

The marriage of Miss Margie Bea Morris to Mr. Paul Evan Souve took place Saturday, August 2, at 7:30 p.m. in New Hope Baptist Church in Appomattox.

The bride is the daughter of Mr. and Mrs. Robert Harold Morris of Appomattox, and the bridegroom is the son of Mr. and Mrs. Edward T. Souve of Fairfax, Va.

The Bob A. Teems, pastor of the First Baptist Church, Elleree, S.C., and former pastor of New Hope Baptist Church, officiated the double ring ceremony.

A program of nuptial music was provided by Miss Betty Garrett, organist and Mrs. Ralph Reynolds, soloist, and included "A Time For Us", "One Hand, One Heart" and "The Wedding Prayer."

Escorted and given in marriage by her father, the bride wore a formal length gown of white satin organza. The fitted bodice featured a V-neck and long sleeves, fitted to the elbow then full and gathered into a deep cuff. The bodice was adorned with re-embroidered Alencon lace, pearls and crystals. A full circular skirt was attached at the natural waistline and formed into the attached train. Her train-length veil of illusion was attached by a lace and pearl camelot. The bride carried a cascade of white roses, royal blue miniature carnations and ivy and it was centered with a white orchid.

Mrs. S. Dale Profitt of Richmond, was her sister's matron of honor. She wore a floor length gown of shantung in white with blue and lavender flowers. It was fashioned into a V-neck, wide midriff with ragian lantern sleeves and a flared skirt. She carried a white hurricane lantern surrounded by blue and white miniature carnations and starburst pom poms and ivy. She wore a white picture hat accented with blue ribbon.

The other attendants were Miss Barbara Souve of Fairfax, sister of the groom, Miss Gail Morris of Lynchburg, cousin of the bride, and Mrs. Lyle Schweitzer of Blacksburg. Their gowns were identical to the honor attendant and they carried lanterns surrounded by white miniature carnations and starburst pom poms and wore white hat with blue ribbons.

Miss Carol Souve of Fairfax, sister of the groom, was flower girl. She wore a dress similar to the attendants and carried a white basket of mixed flowers.

Mr. Albert Palmer, of Fairfax, was best man. Mr. Dale Profitt of Richmond, brother-in-law of the bride, Mr. Bruce Johnson of Blacksburg and Mr. Roger Monroe, Fairfax served as groomsmen. Mr. Jeff Ramsey of Danville, cousin of the bride, served as acolyte and junior groomsman.

Immediately following the ceremony the bride's parents were host for a reception in the church parsonage.

The mother of the bride wore a floor length mint green gown and a corsage of yellow roses. The groom's mother wore a floor length gown of aqua blue and a corsage of white roses.

The bride is a 1971 graduate of Appomattox County High School and a 1975 graduate of Virginia Polytechnic Institute and State University with a BS in Management, Housing and Family Development and Elementary Education. At Va. Tech she was a member of Alpha Lambda Delta, Phi Kappa Phi, honorary societies and Phi Upsilon Omicron, honorary home economics society.

The bridegroom is a 1971 graduate of W. T. Woodson High School in Fairfax and is a fifth year co-operative education student at Virginia Polytechnic Institute & State University where he is majoring in Electrical Engineering. He is a member of Kappa Theta Epsilon, honorary Co-op society and Pi Kappa Alpha, social fraternity.

After a southern wedding trip the couple will live in Blacksburg where the bride is employed by the Giles County School System and the groom will complete his education.

VA Questions And Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q - Will advance payment of educational assistance be made to students who have enrolled in college?

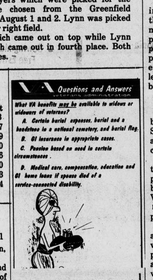
A - Yes. Payments for the initial month or fraction thereof and the succeeding month payable to the eligible person will be sent to the school prior to the start of the session, provided the school certifies enrollment in a course on at least one-half time training basis.

Q - May I change the beneficiary on my National Service Life Insurance to name a bank as trustee for my children?

A - Yes, you may. Name the trust in full. However, once the proceeds of the policy have been paid to the trustee, the Veterans Administration has no responsibility to see that the purpose of the trust is fulfilled.

Q - Father died while on active military duty. The widow remarried, and her present husband wishes to adopt the child of the deceased veteran. Does the adoption terminate VA benefits for the child?

A - No. A child never loses VA benefits accruing from the natural father.



Questions and Answers
What VA benefits may be available to widows or widowers of veterans?
A. Certain burial expenses, burial and a headstone in a national cemetery, and burial flag.
B. VA insurance in appropriate cases.
C. Pension based on need in certain circumstances.
D. Medical care, compensation, education and VA home loans if spouse died of a service-connected disability.

their social adjustment, and their aptitudes and interests.

The ultimate objective of this program is to educate mentally handicapped children so that they may become self-supporting members of the community, prepared to participate in community affairs and to perform their citizenship responsibilities. If allowed to remain in the academic environment of a regular classroom, these children are often subjected to frustrations with the result that they frequently develop detrimental behavior patterns and have no opportunity for practical educational growth commensurate with their potentials.

When placed in special classes where curriculum experiences are provided to develop their potential most of them become socially acceptable, attain adequate personal adjustment, gain academic skills needed in everyday living, and develop useful vocational skills.

Services are provided for those who possess other handicapping conditions. A speech therapist will work in all of the schools in the county during the current session. Students with hearing and vision impairment have been identified and are receiving services. In compliance with the Standards of Quality which were mandated by the State Legislature in 1972, a Five Years Plan for Special Education has been made and updated annually. Full implementation of services is required for the 1976-1977 session.

TRANSCO COMPANIES ANNOUNCES GAS DISCOVERY

HOUSTON, TX. - July 18 - Transco Exploration Company, a wholly owned subsidiary of Transco Companies, Inc., announced today a gas discovery at North Fresh Water Bayou, Vermilion Parish, Louisiana. The well, located in Section 2, 71S-R2E, was drilled to a total depth of 16,500 feet on a 3,504 acreage block.

Working interest in the well is owned by Transco Exploration, 37-½ per cent; Robert Mosbacher, 37-½ per cent; and William E. Carl, 25 per cent. Mosbacher is the operator.

The well was perforated from an interval of 13,922 to 13,930 feet. On test it flowed at the rate of 1,250,000 cubic feet of gas daily and 36 barrels of 58.7° gravity condensate, water free, on a 12/64-inch choke.

Transco Companies, Inc., an energy-supply company, is the parent of Transcontinental Gas Pipe Line Corporation, a major interstate pipeline system for the purchase, sale, and transportation of natural gas from Texas and Louisiana to the eastern United States. Through various other subsidiaries the company is engaged in exploration for oil and gas both onshore and offshore in the U.S. and is pursuing projects for obtaining pipeline-quality gas from synthetic and supplemental sources.

Area Youth May Become Scouts

All boys 8 years and older in the Lynchburg, Va. area will have an opportunity to become Scouts and Cub Scouts on Thurs., Sept. 25, according to Richard Clough of Lynchburg. Mr. Clough is the chairman of "School Night to Join Scouting", a program sponsored each fall by the Central district of the Blue Ridge Mountains Coucil, Boy Scouts of America.

Interested boys and their parents may visit with neighborhood Scout troops and Cub Scout Packs at selected elementary schools to learn about the Scouting program of activities and to join. Participating schools are: **Lynchburg** - Garland Rhodes, Bedford Hills, Dearington, Linkhorne Elementary, Paul Munro, Perrymont, Robert S. Payne, Sandusky Elementary, Sheffield, William Marvin Bass; **Campbell County** - Leesville Road, Brookville Elementary, Tomahawk Elementary; **Nelson County** - Lovingston, Schuyler; **Appomattox County** - Appomattox Elementary, Pamplin Elementary; **Amherst County** - Amherst Elementary, Amelon Elementary, Madison Heights Elementary; and **Bedford County** - Boonesboro Elementary.

Richard Clough reported over 225 boys and their parents participated in the program last year.

Demonstrations will begin at 7 p.m. consisting of hiking and camping skills, nature and ecology exhibits and crafts. Mr. Clough suggests everyone come early and join in the fun.

The Blue Ridge Mountains Council is supported by our Central Virginia United Way.

Now's The Time To Stockpile Lime

Commissioner S. Mason Carbaugh of the Virginia Department of Agriculture and Commerce said recently that many lime dealers in the state seem to be taking advantage of seasonal rail availabilities and stockpiling lime. He reminded those dealers who have not done so the importance of developing an adequate reserve.

The Commissioner pointed out that lime use in the state increased almost 17 per cent in 1974 over 1973 and the coming year is expected to show a further increase. Lime consumption in 1972 was listed at 705,674 tons, in 1973 at 804,400 tons and in 1974 at 940,000 tons.

"We feel," said the Commissioner, "that off season stockpiling will take the stress off of transportation by spreading rail shipments more evenly throughout the year and will develop a reserve for the peak seasonal needs.

According to recommendations by Virginia Tech, Virginia farmers are said to be using approximately half of the lime that would be necessary for optimum crop response. This economic loss by the inadequate use of lime last year was compounded by the tremendous increase in the cost of fertilizers.

This year there are 52 companies registering some 93 brands in the state according to the Department's lime inspection section. A new Virginia lime law became effective this past January. The new law parallels very closely the model bill recommended by the Association of American Fertiliser Control Officials. Some of the major changes are: Liming materials must be labelled by type as calcitic, dolomitic, etc.; registrants must guarantee a calcium carbonate equivalent; and contractors must be licensed and tonnage must be reported annually by counties.
